SUMMARY

Frontend Developer with hands-on experience in building dynamic and responsive user interfaces using React. Skilled in React, Next.js, TypeScript, JavaScript, HTML, and CSS. Passionate about creating visually appealing interfaces while maintaining optimal performance and usability. A collaborative team player with strong problem-solving abilities, dedicated to contributing to innovative projects and achieving team objectives effectively.

SKILLS

Languages & Library	React, Next.js, JavaScript, TypeScript, Java, HTML and CSS
Other Technical Skills	Object-Oriented Programming, DOM manipulation, API, JSON, Git, Problem-solving and Analytical thinking, Self-learning

EXPERIENCE

Web Developer Intern at V-Mayukh Engineering Solutions - Coimbatore   Oct 2024 - Dec 2024

- Developed an admin dashboard application that tracks field sales employees and provides real-time updates using Next.js and TypeScript.
- Created interactive and user-friendly UI components, implemented responsive designs for smooth functionality across different devices, and assisted in API integration.
- Improved problem-solving skills, understanding requirements effectively, completed tasks on time, involved in fixing bugs, and actively collaborated with team members.

Process Executive at VISION GLOBAL ITES PVT.LTD - Coimbatore   Nov 2022 - Dec 2023

- Extracted data from more than 4000+ bank account transactions.
- Rectified errors and mistakes over 75% manually in the extracted data.
- Prepared the rectified data to proper statements.

PROJECTS

Crypto Tracker   Link:cryptotracker10.netlify.app/

- Developed a real-time cryptocurrency price tracker that allows users to monitor the latest prices and changes.
- Fetches and displays up-to-date prices, percentages, and highlights the absolute changes in prices over time, providing a graphical view of data for better analysis using charts.
- Gained a deeper understanding of React components, effectively passing data between them using props and gained a good understanding of state management while creating this project.
- Implemented a responsive layout that fits various devices and screen sizes.

Exercise Ease   Link:exercises-ease.netlify.app/

- A comprehensive guide covering various gym workouts, exercises, and cardio routines with detailed descriptions and instructions for a variety of exercises targeting different muscle groups.
- Provided a list of exercises with video demonstrations and a BMI calculator to help users maintain their fitness.
- Improved my understanding of React hooks, especially the useEffect hook, particularly in minimizing unnecessary API calls and enhancing performance.
